Why Sponsor?

Nearly every month of the year, the NC Chamber offers timely events on issues vital to the sustainability of business professionals. These events are an exceptional opportunity for attendees to engage in discussions, network with fellow businesses and discover the latest trends arising in their industry. In other words, these events provide you with the perfect atmosphere for expanding your reach, promoting your brand and conducting business.

Powerful Strategic Marketing

We want to ensure our events are as successful and profitable for you and your company as possible. Our integrated marketing campaigns reach hundreds of thousands of business professionals via direct mail, social media, e-mail and print publications.

Our Reach Includes:

- Targeted direct mail campaigns sent to approximately 3,000 highranking business professionals per event.
- Thousands of unique online visitors to event web pages each month.
- Highly segmented e-mail campaigns that reach an average of 8,000 business professionals.
- An average of 500,000+ twitter impressions from live event coverage, with larger events averaging 1-2 million impressions.

Sponsorship Can Help You:

- Position your employees as thought leaders on critical and timely issues for the business community.
- Create strategic relationships with companies within and across industries.
- Generate productive new leads.
- Spotlight your company's newest initiatives and strengthen your brand.
- Gain access to high-ranking policy influencers.
- Develop, recruit and retain your employees.

Environmental Compliance Conference

February 5, 2020 | Renaissance Raleigh North Hills Hotel | Raleigh, NC

This event is targeted toward professionals who manage the environmental and safety compliance matters for their organization, focusing on regulations and how to ensure compliance.

The basis of an effective Environment, Health and Safety (EHS) program remains the strength of its management system and how thoroughly it is integrated into business practices. Join the NC Chamber, NC Department of Environmental Quality officials and industry experts to proactively discuss pressing regulatory issues, legislation, policy decisions and other initiatives on water, waste, air and natural resources that affect business.

"I found the conference topics, particularly those with DEQ Division directors, to be very informative. The opportunity to network with leaders in the environmental industry and discuss issues impacting our varied roles in them was equally valuable."

Women > A Force in Business

October 22, 2020 | Virtual • November 17, 2020 | Virtual

This event promotes leadership development, advocacy, mentorship and personal wellness for women in the workplace, as well as their male peers. Join us as we explore pathways to leadership, what it's like at the top and how men and women can work together to bring along the next generation of female leaders. This is the most highly attended NC Chamber event and promises incredibly high ROI for event sponsors.

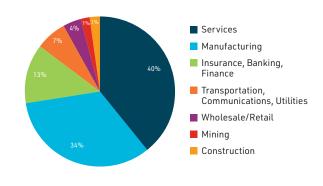

"This is my second year attending this conference and I already can't wait for next year! As a firm believer in women supporting women, this is one day each year where I can be surrounded by hundreds of strong, supportive, brilliant women all looking to raise each other up, up, up and right through every glass ceiling!!!"

Transportation & Infrastructure Summit

August 27, 2020 | Virutal

North Carolina's rapidly growing population raises questions about what our state's transportation and infrastructure networks should, and will, look like in the years ahead. This event will address these questions, with a focus on what's changing, where we're headed and how we'll get there. A must-attend for those in the transportation and infrastructure industries looking for high-level networking and the latest policy updates.

"This summit speaks to all of the issues with regard to transportation and infrastructure needs in North Carolina and what the future holds. Very informative, exceptional panels and speakers."

Health Care Conference

September 15, 2020 | Virtual

Since the NC Chamber Foundation released its Roadmap to Value-Driven Health study in 2016, strong gains have been made in the transformation of health care across North Carolina. With the overall goal of making NC a top 10 state for health care and health care value, industry leaders have been tirelessly exploring best approaches to the overhaul, which will significantly impact job creators, business climate and talent supply throughout the state.

This year's Health Care Conference will provide the latest updates on the drive towards value-driven health care: Where are we in the process? How do we reach the finish line? What are the implications for employers across the state?

Join us for this critical discussion; the more voices at the table, the more quickly we finish the race.

"This was a hard-hitting and frank assessment of the challenges to improving NC health care."

Coolest Thing Made in NC

Fall 2020

North Carolina has much to be proud of, especially when it comes to the products it manufactures. To celebrate the innovation, creativity and contributions of our state's manufacturers, the NC Chamber is hosting a publicdriven "Coolest Thing Made in NC" contest.

After a public nomination and voting process that incorporates statewide media outlets, social media and word-of-mouth marketing, the NC Chamber and Presenting Sponsor will announce which product manufactured in the Tar Heel State is truly the coolest thing made in NC.

"What's made in North Carolina makes North Carolina. Our state's manufacturing businesses are the backbone of North Carolina's economy. From consumer goods like furniture, tape, textiles and food to pharmaceuticals, construction and vehicle equipment, steel and more, the products created by your business fuel everything that happens in our state."

Gary Salamido

President and CEO, NC Chamber

Ag Allies Conference

October 7, 2020 | Virtual

North Carolina's agriculture industry contributed \$84 billion to the state economy in 2016, representing 17% of the state's overall income. Ranked 8th in the U.S. for value of agricultural products sold, the agriculture industry is critical to North Carolina's reputation as an economic leader in the Southeast. However, farmers and agricultural businesses across the state recognize they must adapt to a changing workforce, evolving technology and the latest state and federal regulations to continue thriving within their sector. The NC Chamber's Ag Allies of NC Conference addresses these issues to ensure the industry as a whole can keep its wheels in motion for the continued prosperity of the state.

"This conference was unparalleled in the quality provided in the time provided. There is value here for all aspects of NC Aq."
