Ag Allies Conference

October 11, 2024

With a \$92.9 billion annual contribution to our state's economy in 2020, agribusiness and agriculture helps drive a major share of North Carolina's economic success — representing one-sixth of our state's overall income.

Ranked 10th in the U.S. for value of agricultural products sold, the agriculture industry is and will remain critical to North Carolina's reputation as an economic leader in the Southeast. However, farmers and agricultural businesses across the state recognize that they must adapt to a changing workforce, evolving technology, and the latest state and federal regulations to continue thriving within their sector. The NC Chamber's Ag Allies Conference addresses these issues to ensure the industry as a whole can keep its wheels in motion for the continued prosperity of the state.

Expected Attendance: 150-200

"I appreciate the involvement and support of the NC Chamber in North Carolina's largest economic driver, Agriculture. The information provided in the Ag Allies Conference was very helpful and forward facing."
