

AN NC CHAMBER EVENT

Environmental Compliance Conference

JANUARY 26, 2023
DURHAM, NC

Amy Marshall
Air Quality Practice Director
ALL4 LLC

Amy Marshall is a professional engineer with over 25 years of air quality consulting experience. Ms. Marshall started her career as an EPA contractor and worked on updates to AP-42 sections (including organic liquid storage tanks), preparation of guidance documents (including the CAM guidance), and air quality regulations. She started providing air quality consulting support to industry in 2001 and has since focused on PSD/NSR air permitting, compliance planning, control technology analyses, and strategic support to industry associations.
