**Pam Cook, P.E.  
Senior Transportation Engineer  
North Carolina Department of Transportation**

Pam Cook, P.E. is a Senior Transportation Engineer with the NCDOT in the Statewide Initiatives Group under the Office of Statewide Initiatives and Program Support. A Civil Engineer graduate of NC State University, she has over 25 years of experience in long-range planning. Having grown up in North Carolina with a father in manufacturing and a mother in education, she believes North Carolina is a wonderful state to live and thrive and is thankful to be part of helping the State plan for the future. When not at work, Pam can be found enjoying the beautiful outdoors of N.C. or volunteering with the international student office at NC State University.
