

AN NC CHAMBER EVENT

Environmental Compliance Conference

JANUARY 27, 2022
RALEIGH, NC

Danny Smith
Director, Division of Water Resources
North Carolina Department of Environmental Quality

Mr. Smith has worked for the Department of Environmental Quality for 28 years. He started with the Division of Water Resources as an Ambient Monitor in 1992 and continued with the Division in positions including technician, specialist, program consultant, and environmental compliance supervisor. He was Supervisor for the Raleigh Regional Office of Division of Water Resources for 12 years. Most recently, Mr. Smith served as the Director for the Division of Energy Mineral and Land Resources and returned to Water Resources in February of 2020 as Division Director. He received his B.S. in fisheries and wildlife science from N.C. State University and his M.S. natural resources from N.C. State University.
