

NC INFRASTRUCTURE & SUPPLY CHAIN COUNCIL

Beyond JIT: Resilient Supply Chains in an Era of Uncertainty

AUG 11, 2026 AT 10 A.M.

VIRTUAL

Tim Fairchild
Executive Advisor
Supply Chain Resource Cooperative

Tim Fairchild has the honor and privilege of serving as an Executive Advisor for the NC State Supply Chain Resource Cooperative. Tim had a 44-year professional career with 23 of those years working as a hands-on Supply Chain professional at global high-tech and aerospace companies including Compaq Computer, the IBM Personal Computer Company, and Hughes Simulation.

While at Compaq he obtained his U.S. Customs Brokers License which remains active today. He spent 21 years in the software industry at SAS where he led Global Industry Practices composed of industry domain experts responsible for driving strategic industry engagement in the Manufacturing, Energy, and Communications industries. He is a former member of the External Advisory Board for the Energy Production Infrastructure Center (EPIC) at UNC Charlotte and a former member of the Board of Directors of the Research Triangle Cleantech Cluster (RTCC).

Tim holds a B.S. degree from the University of Tennessee's Haslam College of Business where he majored in Transportation and Management Science.
