

WOMEN LEAD NC

OCTOBER 18, 2024 | RALEIGH, NC

Briana Faulk

Briana has been in the IT industry for over 9+ years. She has worked in various roles in engineering over her career. Over her years in IT, she has gained skills such as leadership, architect, trainer, etc. Through her career her passion for empowering women to enter STEM careers has grown when she noticed the lack of representation. She works with various non-profit organizations to not only empower women and students but also encourage diversity. Briana also enjoys mentoring people and teaching them how to shift their mindset and careers.

When Briana is not working, she enjoys traveling and spending time with her family.
