

Environmental Compliance Conference

FEBRUARY 5, 2020 | RALEIGH, NC

Morgan Gerard
Associate
Troutman Sanders

Morgan Gerard is an attorney in the Environmental and Natural Resources group. Morgan has a national practice, focusing on representing corporations, industry groups, and individuals in all aspects of environmental law, including regulatory compliance, rulemaking, and permitting. Her practice also includes following emerging energy trends and the associated environmental issues that emerge in strengthening grid resilience and modernizing the energy system. Morgan advises clients navigating the hydropower licensing and relicensing process, including related complex natural resources issues that arise under federal, state, and local regulatory schemes.
