

Duke Energy Executive Profile

Lynn J. Good
Chairman, President
and Chief Executive Officer

Lynn Good is chairman, president and chief executive officer of Duke Energy, one of America's largest energy holding companies. Under her leadership, Duke Energy has intensified its focus on serving its customers and communities well today while leading the way to a cleaner, smarter energy future.

Before becoming CEO in 2013, she served as Duke Energy's chief financial officer and earlier led the company's commercial energy businesses during its initial development of renewable energy projects. She began her utility career in 2003 with Cincinnati-based Cinergy, which merged with Duke Energy three years later. Prior to 2003, she was a partner at two international accounting firms, including a long career with Arthur Andersen.

Fortune magazine lists Good as 11th among the "Most Powerful Women in Business" and Forbes magazine calls her one of "The World's 100 Most Powerful Women." In 2016, she became the first regulated utility CEO designated as a LinkedIn Influencer – an online thought-leadership program.

Under Good's leadership, Duke Energy is embracing new technologies and smarter solutions to transform for the future. In 2017, Duke Energy unveiled a 10-year vision to build a smarter, more resilient energy grid, generate cleaner energy and expand the company's natural gas infrastructure. This strategy ensures customers have access to safe, reliable and clean energy while strengthening the company's environmental stewardship. Since 2005, the company has reduced carbon dioxide emissions by 31 percent and plans to reduce emissions by 40 percent by 2030. In 2017, Duke Energy was named to the Dow Jones Sustainability Index for the 12th straight year.

Duke Energy has paid a quarterly cash dividend on its common stock for 92 consecutive years. The company has also been named to the Forbes list of "America's Best Employers" and recognized by Fortune as one of the "World's Most Admired Companies" in the electric and gas utilities industry.

Good is chairman of the Edison Electric Institute as well as a member of the Boeing board of directors, where she serves on its audit and finance committees. She is also a board member of the Institute of Nuclear Power Operations and the Foundation For The Carolinas. She is a member of the Business Roundtable and serves on the advisory committee of the Bechtler Museum of Modern Art in Charlotte, N.C. Good holds Bachelor of Science degrees in systems analysis and accounting from Miami University in Oxford, Ohio. She and her husband, Brian, live in Charlotte.

Duke Energy, one of the largest energy holding companies in the United States, supplies and delivers electric services to approximately 7.5 million customers in the Southeast and Midwest. The company also distributes natural gas services to approximately 1.6 million customers in the Carolinas, Ohio, Kentucky and Tennessee. Its commercial business operates a growing renewable energy portfolio across the United States. Headquartered in Charlotte, N.C., Duke Energy is a Fortune 125 company traded on the New York Stock Exchange under the symbol DUK.
