

WOMEN LEAD NC

OCTOBER 18, 2024 | RALEIGH, NC

LaMeesha Shavis
Vice President - Program Manager
Fidelity Investments

LaMeesha Shavis began her career with Fidelity Investments back in 2005 in a role that afforded her the opportunity to utterly understand what it means to be customer obsessed as a call center associate. During her 19 years with the organization, she has taken on roles with increased complexity that would have a broad impact internally and externally.

Although many of these opportunities stretched her outside of her comfort zone, her ability to acknowledge her obstacles but not give them power allowed her to continue to climb the corporate ladder. LaMeesha truly embodies the culture of coaching and developing the talent of the future and some of her proudest moments come from seeing the success of the individuals she has mentored.

LaMeesha is known as an advocate for change and her passion has afforded her the opportunity to partner and lead in several spaces throughout her career such as the Employee Experience Team, the Regional Leadership Team, and several of Fidelity's employee resource groups like Aspire, WLG and RAISE.

She is a proud alum of North Carolina Central University and an even prouder mom of two amazing kids. Her son and daughter are her biggest accomplishments!
