

AN NC CHAMBER EVENT

Conference on Education

AUGUST 20, 2019 | DURHAM, NC

Michelle P. Logan
Senior Director, Operations
Thermo Fisher Scientific

Michelle Logan has 18 years of experience in Quality and Operations in the pharmaceutical industry. As senior director of operations in Greenville, NC, she leads the Steriles business unit and is responsible for the strategy and execution of Steriles Operations - including the manufacturing, filling, and packaging of sterile liquid and lyophilized products.

Prior to leading the Steriles organization, Michelle held other leadership roles in Greenville, NC as senior director operations for the Oral Solid Dosage business unit and senior director quality operations for the Greenville site. In addition to her experience at the Greenville site, Michelle led the quality organization for a medical device company, Coeur, Inc., and was part of the External Manufacturing Quality organization for GlaxoSmithKline.

Michelle graduated from the University of North Carolina at Chapel Hill where she received a Bachelor of Science degree in biology.
