

AN NC CHAMBER EVENT

Energy Summit

NOVEMBER 7, 2019 | DURHAM, NC

Shaun Randall
Vice President - Gas Operations
Dominion Energy North Carolina

Shaun Randall began his career in 1995 with PSNC Energy (PSNC), which is now Dominion Energy North Carolina, as an associate engineer. In 1998 he was promoted to manager of operations for PSNC's Western Region, and in 2001 he transferred to the gas organization of SCE&G and served in several roles including, manager Aiken Gas, central division manager, and general manager Gas Operations. In 2014, Randall was promoted to VP - Gas Services and served both PSNC and SCE&G in North and South Carolina. In 2018, Randall was selected to serve as VP - Gas Operations for North Carolina.

Randall is responsible for customer service operations, sales and marketing functions, system operations, maintenance and construction, and project engineering for Dominion Energy North Carolina. He serves on the Greater Gaston Economic Development Board, the Gaston Regional Chamber Board, Gaston County Education Foundation Board and he is chairman of Dominion's NC Community Investment Board. He also serves on the NC811 Board, Southern Gas Association Pipeline Safety Council and the Operations Technology Development Board of the Gas Research Institute and is involved with various other gas industry related committees.

Randall and his wife, Stacie, have a daughter and a son. A native of Edgefield, SC, Randall graduated from Clemson University in 1995 with a Bachelor of Science Degree in civil engineering. He is a licensed Professional Engineer in both North and South Carolina.
