Pandemic Threat Condition Levels

Impact on Workforce, Community and Value Chain

Condition 1

- No confirmed cases within facilities
- No suppliers or customers affected
- No confirmed cases within the local community

Condition 2

- Possible first confirmed case at facilities
- Suppliers and/or customers affected, but no curtailment
- Isolated confirmed cases within community

Condition 3

- >5% confirmed cases at facilities
- Supplier and/or customer curtailments reported
- Increased number of confirmed cases (e.g. schools closed down)

Condition 4

- >10% confirmed cases at facilities
- Groups of suppliers and/or customers are "down" or restricted and curtailment
- Cancellation of public gatherings and retail/service closures

Condition 5

- >25% of associates based in one location unable to work
- Supplier and/or customer curtailments are forcing operational closures
- Nonessential infrastructure and communitywide services shut down
