

Transportation & Infrastructure Summit

AUGUST 27, 2020 | VIRTUAL

Pamela B. Townsend, PE
Senior Vice President
WSP

Pamela B. Townsend, PE is a registered professional engineer, and senior vice president for WSP, a world leading engineering and professional services firm. She is the southeast region business manager, responsible for strategic business development, client service delivery and financial performance for the transportation and infrastructure sector. Pam earned her bachelor's and master's degrees in civil engineering from NC State University. She is a 2016 NCSU Distinguished College of Engineering Alumnus and serves on the Engineering Foundation Board, as well as the Chancellor's Board of Visitors. Pam is a past president of the Professional Engineers of North Carolina (PENC) and PENC Educational Foundation. Her service to the State includes a NC House appointment to the Joint Legislative Blue Ribbon Commission to Study the Building and Infrastructure Needs. Townsend served on the leadership team for the development of the STEM WAKE/NC State High School focusing on the NAE Grand Challenges, for students underrepresented in the STEM fields, included in legislation developed by the JOBS Commission. She received a Gubernatorial appointment to this joint legislative commission. Pam currently serves on the NCWorks Commission. Pam is on the NC Chamber Board of Directors.
