

# WOMEN A FORCE IN BUSINESS

NOVEMBER 16, 2021 > RALEIGH CONVENTION CENTER WITH VIRTUAL OPTION

**Megann Vaughn Watters**  
**VP of Corporate Development, New Ventures & Strategic Alliances**  
**Labcorp**

Megann Vaughn Watters is an experienced corporate development executive and investor with over 10 years of novel technology and innovation identification, partnership development, deal execution, alliance management, financial and strategic return, & venture-backed board experience within the healthcare industry.

As the Vice President of Corporate Development, New Ventures & Strategic Alliances at Labcorp, Megann manages the Labcorp Venture Fund and leads the Corporate Development team tasked to identify, assess, and bring new science and technology to Labcorp through partnerships, such as equity investments, licensing, and strategic partnership opportunities.

Megann serves on over 5 Labcorp Venture Fund portfolio company Boards, as a founding member of the Global Healthcare Council (affiliated with Global Corporate Venturing), on the NC Biotech Piedmont-Triad Advisory Council for promoting bioscience economic development in North Carolina, and on the Catalyst Fund Steering Committee to advance Wake Forest Medical Center inventions with commercial potential.

Megann previously held positions at the United States Patent and Trademark Office as a Patent Examiner for medical devices and Humacyte conducting tissue engineering research. Megann received her M.B.A. from the Duke University Fuqua School of Business and her B.S.E. in Biomedical Engineering from Duke University Pratt School of Engineering.

Megann is a mother of two young kids, wife, daughter, sister, runner, Peloton enthusiast, and yogi.
